Briefings

SUBJECT: AFSC Briefing

Executive Registry

65-5959

TO: CIA (The Honorable William F. Raborn)
Washington, D.C.

1. Further to my letter of 24 September and recent conversations with Dr. Wheelon and Mr. Blake, we have settled on Monday, 25 October, for our meeting in Hq AFSC.
2. The agenda for this meeting is shown in the attached inclosure. I have looked over each of these items in some detail and while their titles are not very descriptive, I am convinced that the substantive briefings will be of substantial interest to you and to your staff.
3. I would also like to firm up a subsequent date for the visit Gen Schriever suggested that you make to the Foreign Technology Division at Wright-Patterson. For planning purposes, perhaps you could make this trip to FTD toward the end of October or the first week of November.

Bud:

The anticipated recasting
of the AFSC R&D presentation
for 25 October has now been received
and is attached.

Elder informs me that his
understanding with General Davis
is that only 5 agency people,
including Admiral Raborn, will be
present. At a later date
AFSC apparently proposes to make
a presentation in this building to a
larger audience.

Inasmuch as Admiral Raborn
and Dr. Wheelon will be two of the five,
will you please let me know who
the other three invitees should be.
By agreement with Elder, I am to
pass the names on to Sleeper.
